Built Around Your Production Needs

Guardian Power Coatings was founded in 2012 to be a trusted partner for OEM's and Job Coaters that is responsive, dependable and customer-focused. With deep industry expertise and experience, over the past 15 years we are able to address core industry challenges of long lead times, limited flexibility and delayed support successfully.

More Than a Supplier

At Guardian, Powder Coatings are not treated as a commodity – it is the finish that defines durability, appearance and market value of your products. Our coatings are crafted to protect, strengthen and enhance performance by strengthening your brand confidence. With Guardian, you gain a partner who understands industrial realities and responds with speed, expertise and commitment.

Guardian: Protection. Performance. Partnership.

- Custom shades, finishes, and textures engineered to your exact specification
- Optimized formulation for superior surface coverage per kg
- Superior finish. Measurable quality. Every batch. Every time.
- Advanced corrosion protection for extended life of your product.
